

Medium to Long-Term Receivables

ASSET MANAGEMENT

RECEIVABLES VS. CLIENTS

NEED FOR LIQUIDITY

RISK REDUCTION

It allows companies to transfer the risk of default to BPER Factor and liquidate the receivables deriving from individual supplies that require payment in installments ranging from 12 to 60 months. There are no limitations concerning the amount or product sector.

BPER Factor makes advance payments on the receivables deriving from the medium to long-term supply of goods to Italian and/or foreign customers.

After delivery of the service and/or good, and when presented with a valid deferred payment contract, BPER Factor purchases the receivables eliminating of the risk of insolvency providing for the consequent benefits in a company's financial statements.

By supporting the restoration of liquidity and the reduction of commercial risks, BPER Factor supports companies by strengthening their ability to develop new businesses and/or acquire new customers.
