

Nonrecourse Factoring ONLY GUARANTEE

ASSET MANAGEMENT

RECEIVABLES VS. CLIENTS

RISK REDUCTION

In the case that no advance payment on the receivables is required, but only the guarantee of solvency is, BPER Factor offers a “only guarantee” service.

This service does not include communicating to the debtor about the assignment of receivables. Therefore it is the company which must directly deal with their collection. However, in the case of delayed payments (after a set period of time established for recovery purposes) the company reports them to BPER Factor.

The service entails BPER Factor assuming the risk of non-payment of the receivables claimed by a company from its customers, be they private and public. The BPER Factor guarantee operates within the limits of a rotating ceiling previously assigned to each of the customers / debtors. BPER Factor, at its own expense, assumes the responsibility of carrying out all the activities related to the recovery of unpaid secured receivables, both of in and out-of-court.
